

MASSOCARE E

DESCRIPTION

MASSOCARE E is the polypropylene glycol ether of stearyl alcohol with 15 moles of ethylene oxide.

INCI NAME

PPG-15 Stearyl Ether

PRODUCT SUMMARY

- **Physical appearance:** Colourless liquid
- **Function:** Emollient
- **Applications:** All purpose skin & hair care formulations and colour cosmetics
- **Use Level:** from 1% on

FEATURES & BENEFITS

- MASSOCARE E is a **polar oil**
- Good **spreading** emollient that **moisturizes** and acts as a **carrier** for oil soluble actives
- Excellent **solvent** for **organic sunscreens**
- In **antiperspirant** formulations, it avoids recrystallization of the AP salts in the final product, improving the application, the skin feel and the efficacy
- When combined with the emulsifying system Massocare S2 (Steareth-2) and Massocare S21 (Steareth-21), Massocare E forms **liquid crystal structures** which give an even better skin feel
- **Synthetic** origin
